

Creating a smart organisation – guided reflection

1. Good practices that we use in my organisation to learn from our own experience include:
2. Good practices that we use in my organisation to learn from the experience of others, include:
3. Two important obstacles to learning in my organisation.
4. Two ways in which my organisation could strengthen our **Motive** (reasons) for learning.
5. Two ways in which my organisation could expand our **Means** (tools and techniques) for learning.
6. Two ways in which my organisation could create more **Opportunity** (space and time) for learning.
